

Board of Supervisors Meeting
January, 22 2019

Current Work:

Finished cleaning ditches where the water was getting out on the road and freezing.

Tar and chipping alligator cracked areas to seal up for the winter, building up areas where pipe trenches have settled to smooth the bumps out. When the weather allows it.

Working on sign replacements in between other stuff, (signs that don't pass reflectivity inspections).

Servicing trucks and Equipment, going over them bumper to bumper so they are ready for the winter and plowing.

Working on getting the complete MS4 system mapped out on an electronic platform so the document can be easily updated.

Repairing thermoplastic pavement markings at our busiest intersections, along with doing some intersection safety improvements where it was needed.

Salted the roads for one nuisance snow storm on the 12th of January.

MAJOR PROJECT OVERVIEW

Road Maintenance

Boom Mowing
Roadside Ditch Cleaning
Sweeping

Status

Ongoing

NEWBERRY TOWNSHIP SEWER

January 22, 2019

FIELD AND PLANT REPORT

- Continue plant and pump station operation, maintenance and repairs.
- Purchased a 2005 Vactor Sewer Cleaning & Vacuum Truck.
- Contracted Luttamus Communications & Security as our new answering service for plant, pump stations & all other emergency and after hours calls. (Prior company no longer met sewer department needs.)

Submitted by Brent Zeiders, Wastewater Services Coordinator
