Route 177 to Close for Pipe Work Just West of I-83 Exit 35

Wyndamere Road will be closed for 30 days at Yorktown Road starting October 26.

Harrisburg, PA – Starting at 7 AM on Friday, October 26, Route 177 will be closed to all traffic just east of the intersection with Yorktown Road and Industrial Drive in Fairview Township, York County. The road closure will be in place for up to 30 days. Signed detours will direct motorists around the road closure located a short distance west of Interstate 83 Exit 35. Route 177, locally known as Wyndamere Road, averages more than 4,600 vehicles each day.

The road closure is necessary for the installation of storm water and sanitary sewer pipes. This work will be performed under a highway occupancy permit (HOP) obtained by Goodman Logistics Center from the Pennsylvania Department of Transportation. A contractor working for Goodman Logistics Center will excavate through rock under the roadway to a depth of about 14 feet, remove the existing deteriorating corrugated metal pipes, replace the metal pipes with plastic pipes, form inlet boxes, and rebuild the roadway. During the closure, various signed detours utilizing I-83, Yorktown Road and Route 262 (Old York Road) will be available for motorists.
